| 16:30-17:45 |     | Lebrun 1      | Lebrun 2    |                 | J. Ellis 1     | Charpentier 2 |              |                 | Heinemeyer 1  | Isidori 1    |              |           | Snellings 1    | Brooijmans 1 |           |  |  |
| 18:30-19:00 |     | Welcome       | dinner      |                 |                |               |              |                 | dinner        |              |              |           |                |              |           |  |  |
| 19:30-21:00 |     |               | Discussion  | Whisky tasting  | Poster Session | Discussion    |              |                 | Discussion    |              | Discussion   | Ceilidh   | Public Lecture | Discussion   | Banquet   |  |  |

K. Ellis      Parton model and perturbative QCD  
 T. Sjostrand   Monte Carlo tools  
 P. Lebrun      The LHC  
 G. Dissertori   LHC: first results  
 J. Ellis        BSM Phenomenology  
 P. Charpentier   LHC grid computing

R. Snellings    Heavy ions  
 S. Heinemeyer   Electroweak Physics and Higgs  
 A. De Roeck    Forward physics  
 G. Isidori       B physics  
 G. Cowan        Statistical methods  
 G. Brooijmans   New Physics Searches
